ABOUT THE COLLEGE

Velalar College of Engineering and Technology, one of the best-known Autonomous self-financing co-educational Institutions aims to achieve excellence in Engineering education, with a strong emphasis on the uplift of rural students who have only limited avenues for higher education. The college has been established by Vellalar Educational Trust in the year 2001, with all in-built infrastructural facilities. It offers excellent quality education in such a manner as to empower the students for facing any challenging environment after they graduate from the portals of the college.

ABOUT THE DEPARTMENT

The department of physics was established in the year 2001 with a vision to facilitate the budding Engineers acquire the ability to apply physics knowledge to real life problems. The department has been provided with research center facilities approved by Anna university –Chennai needed to enhance the science skills besides a team of dedicated faculty members, with experience in teaching and research.

ABOUT THE SEMINAR

World is in search of an immediate alternate energy source to meet today's need. However the alternate source should be cheap and easily available. The best among the better source is found to be solar energy. Nowadays more and more research works are going on in increasing the efficiency of the solar panels. This Seminar tries to give knowledge to the Academicians, Research Scholars and Students about thermal solar systems and self cleaning in solar panels in order to maintain the efficiency for a long time in solar panels.

TOPICS TO BE COVERED

- Solar energy-thermal Systems.
- A Bird's Eye View on Challenges and Opportunities in Self-cleaning coating for Solar Panel Applications.
