ABOUT THE INSTITUTION

Velalar College of Engineering and Technology is a self-financing co-educational autonomous institution established in the year 2001 with all the necessary infrastructural facilities provided by Vellalar Educational Trust that ably governs the institution. The college is approved by AICTE, affiliated to Anna University, Chennai and accredited with 'A' Grade by NAAC. The BE programmes of BME, ECE, EEE, CSE, & BTech IT have been accredited by NBA. The institution has completed 16 years of dedicated and excellent service in the field of technical education. The institution offers seven UG Programmes (BME, Civil Engg., CSE, ECE, EEE, IT, & Mech. Engg.) and six PG (M.E - CSE, Embedded System Technologies, Applied Electronics, VLSI Design, MBA & MCA) programmes. There are six Anna University approved research centers namely ECE, EEE, CSE, Management Studies, Physics and Chemistry.

The Vision of this college is to provide a wide range of academic and research programmes and to develop a world class center of excellence for learning. The college has signed Memorandums of Understanding [MoU] with many leading corporates and Multi-National Companies to enable the faculty and students to gain practical knowledge and exposure to industrial environments. An Industry – Institute Partnership Cell and an Entrepreneurship Development Cell have been established to expose students to the industrial sectors and the cells are supported by funds from AICTE.

ABOUT THE DEPARTMENT

Department of ECE has well equipped laboratories, 3 well established computer centers with internet connectivity, excellent digital library, experienced & qualified faculty members to impart knowledge in the areas of Electronics, Networking, Microprocessors, DSP, Microcontrollers, VLSI Design, Embedded Systems, Antennas, Microwave, RF, Satellite, Optical & Wireless Communications. The department offers BE programme in ECE and ME programmes in Applied Electronics and VLSI Design. The department has received various grants from ICMR, TNSCST and Anna University. The students have received best paper award, best project award, patent etc.

ABOUT THE SEMINAR

This national level seminar provides a forum for the participants to explore the knowledge on Biosensors and its advancement in the latest research findings to help physicians and researchers in early detection of lung cancer. Lung Cancer is a leading cause of death worldwide. Despite intensive research efforts to discover more effective treatment methods, the survival rates for lung cancer remain low. However, progress has been and will continue to be made because of clinical, translational and basic research, all of which increase our overall knowledge and understanding of lung cancer at an early stage.

WHO CAN PARTICIPATE?

This seminar is open to Under Graduates, Post Graduates, Research Scholars, Academicians and Industry professionals.
