

**VELALAR COLLEGE OF ENGINEERING AND TECHNOLOGY,**  
**(Autonomous)**  
**Thindal, Erode – 638012.**

**Department of Civil Engineering**  
**Report on Webinar program**

Final year civil engineering students were attended a two days webinar between 2.00pm to 5.00pm on 19<sup>th</sup> and 20<sup>th</sup> February 2018 in our Computer centre hosted by M/s. Bentley Institute, Kolkatta on the “**Construction drawing using ProStructures**”.

The first day session of the webinar program titled “**construction drawing using pro-steel**” which covers the following topic viz., Modeling by using modification setup, modeling of plates, drilling of bolts, welds, modeling of connections by using gusset plate and material take-off.

The second day session of the webinar program titled “**construction drawing using pro-Concrete**” which covers the following topic viz., concrete volume calculation, reinforcement placement, display and editing of reinforcement in the model and bill of materials.

This webinar were useful to the students to improve their knowledge in preparation of Modeling and drawings in RCC and Steel structures. The certificate will be issued by M/s. Bentley Institute, Kolkatta to the attended candidates.
