ABOUT THE INSTITUTION OF ENGINEERS (INDIA)

The Institution of Engineers (India) or IE(I) is the largest multidisciplinary professional body that encompasses 15 engineering disciplines and gives engineers a global platform from which to share professional interest. IEI has membership strength of more than 0.7 million. Established in 1920, with its headquarters at 8, Gokhale Road, Kolkata - 700020, IEI has served the engineering fraternity for over nine decades. In this period of time it has been inextricably linked with the history of modern day engineering. In 1935, IE(I) was incorporated by Royal Charter and remains the only professional body in India to be accorded this honour. Today, its quest for professional excellence has given it a place of pride in almost every prestigious and relevant organization across the globe. IEI functions among professional engineers, academicians and research workers. It provides a vast array of technical, professional and supporting services to the Government, Industries, Academia and the Engineering fraternity, operating from 122 Centres located across the country. The Institution has established R&D centres at various locations in the country and also provides grant-in-aid to its members to conduct research and development on engineering subjects. IE(I) conducts Section A & B Examinations in different Engineering disciplines, the successful completion of which is recognized as equivalent to Degree in appropriate field of Engineering of recognized Universities of India by the Ministry of Human Resources Development, Govt. of India. Every year as many as 90000 candidates appear for these exams. For details, please see: www.ieindia.org

ABOUT THE ASSOCIATE ORGANIZATION

Velalar College of Engineering and Technology, Thindal, Erode is a self-financing co-educational institution established in the year 2001 with all the necessary infrastructural facilities provided through the vision of Vellalar Educational Trust that ably governs the institution. The college is approved by the AICTE, New Delhi, affiliated to Anna University, Chennai and is accredited by NAAC with 'A' Grade. This institution offers 7 UG & 5 PG programmes. The following programmes were accredited by NBA, New Delhi, Viz. BME, CSE, ECE, EEE and IT. The institution has been conferred with autonomous status by UGC, New Delhi from the academic year 2016-2017 onwards. There are six research centres in the institution viz. Chemistry, Management studies, EEE, ECE, CSE and Physics.

ABOUT THE DEPARTMENT

The Department of Civil Engineering was established in the academic year 2012-2013. It offers UG degree in Civil Engineering. Since inception, the department provides an encouraging environment and imparts the latest advancements in knowledge and skills through innovative methods of teaching. The Department has qualified faculty members with well-equipped laboratories. The consultancy work has been carried out more than 10 lakhs through Structural design, Water quality assessment, Electronic surveying, Material testing, Soil investigation, Analysis and Design of foundation. The grant has been received from various funding agencies like CSIR, ICMR, TNSCST, AICTE & ISTE. Also organized the programme on "Retrieval of Tamilnadu River Strategies and Action Programme" by Water man of India Dr.Rajendra Singh during September 2017.

OBJECTIVE OF THE SEMINAR

The objective of this seminar is to develop a policy and enabling framework to mainstream efficiency and conservation in urban water and drainage/storm management, conserve lakes and other water bodies, and implement rainwater harvesting and groundwater recharge, including reuse/recycle of treated wastewater. The purpose is to supply quality water to urban areas, prevent crisis by making best

use of available technologies and conserving existing water resources, converting them into utilizable form and making efficient use of them in different sectors. This includes strategies to improve existing management models by working on demand management, including usage of water-efficient fixtures, reducing NRW and operating, maintaining and monitoring these systems .

CALL FOR PAPERS

Prospective authors are invited to submit papers in the topic related to the seminar. Please submit your abstract to vcetciviliei@gmail.com
